

JABRA CRUISER2

Bluetooth® Wireless In-car Speakerphone
Works with any *Bluetooth®* enabled phone*

DATASHEET

The easier way to talk hands-free while driving

The Jabra CRUISER2 *Bluetooth®* in-car speakerphone makes hands-free in-car calls even easier. To start with, its voice gives you simple pairing instructions the first time you turn it on. After that you just put it on your sun-visor and it will connect automatically with your mobile every time. It will download your phonebook. The Jabra CRUISER2 will then say the names of the contacts in your phonebook when they call. And when you answer, Noise Blackout™ technology and a dual microphone system ensure the conversation always sounds just right.

The Jabra CRUISER2 looks right in any car and its carefully positioned buttons make it exceptionally easy to operate. You won't run out of charge because its voice will tell you when it needs more power. It is also equipped with an FM Transmitter and A2DP, which allow you to stream your music from your phone to the car stereo. With the Jabra CRUISER2 you stay in control of the conversation without taking your hands off the wheel.

Quick Start Guide

Charging your in-car speakerphone

Charge your Jabra CRUISER2 until the Battery Status Icon turns green

Turning your in-car speakerphone on and off

Slide the on/off switch into the "I" position

Pairing the in-car speakerphone with your phone

- When you turn on your Jabra CRUISER2 for the first time, the in-car speakerphone will automatically start up in pairing mode and begin to tell you what to do next
- Activate Bluetooth on the phone
- Press 'Yes' or 'OK' on the phone and confirm with PIN code 0000 (4 zeros)
- Your phone will confirm when the pairing is complete
- For later pairing: Turn your in-car speakerphone on. Press and hold the answer/end button until the Connection Status Icon light is flashing blue and the pairing instructions begins**

Using your in-car speakerphone

Tap the answer/end button on your speakerphone to answer a call. To end your call, just tap the answer/end button again.

Install it in your car

After you have successfully paired you phone (or phones) to your Jabra CRUISER2 you use the metal clip on the back of the in-car speakerphone to attach it to your sun visor. That's all the installation needed. You are now ready to drive responsibly.
