

Thank you for your
NoiseHush NX26 purchase.

Adjusting the Headband

For optimum transmission quality, good noise attenuation and best possible comfort, the headband has to be adjusted to properly fit your head.

- Wear the headset so that the headband runs over the top of your head.
- Adjust the length of the headband so that the ear pads rest comfortably against the ears.

Playing Your Music

Plug the NX26 into your devices 3.5mm jack.

Answering Calls

Press the function button to answer and end calls.

Warranty

With one of the lowest return rates in the industry we pride ourselves on the quality of our product. Additionally we offer a Standard 1 Year Limited Warranty.

⚠ Attention - Your ears are very delicate, prolonged exposure to sound pressure levels above 85dBA can cause damage to your hearing. This temporary loss of hearing can become permanent if exposure is done on a regular basis. Please protect your hearing.

- Set the volume to a comfortable level.
- Do not use the headset in situations which require special attention (e.g. in traffic or when performing skilled jobs).
