# YES Carts for Tablets: How many devices will they hold?

It's up to you! Configure, mix and match, customize for your level of comfort.

First, measure the thickness of the devices you'll be using. Then consult the handy chart below to figure the maximum number of devices you can fit inside the YES Cart! *Keep in mind that the YES Cart for Tablets has 40 power outlets and the YES Cart for Tablet Sync has 32 USB ports.*

1 If the thickness of your devices is...	2 Then you can fit this many devices per shelf...	3 Which will fit this many devices inside the cart...
 <p>.934" or less</p>	 <p>10 devices per shelf</p>	 <p><b>x 40</b></p> <p>40 devices per cart <i>(YES Cart for Tablets only)*</i></p>
 <p>.935" – 1.266"</p>	 <p>8 devices per shelf</p>	 <p><b>x 32</b></p> <p>32 devices per cart</p>
 <p>1.267" – 1.598"</p>	 <p>6 devices per shelf</p>	 <p><b>x 24</b></p> <p>24 devices per cart</p>
 <p>1.599" – 1.93"</p>	 <p>5 devices per shelf</p>	 <p><b>x 20</b></p> <p>20 devices per cart</p>

\*The YES Cart for Tablet Sync has only 32 USB ports.
