Pairing your Gear IconX

1 **Insert both buds into your ears securely**

NOTE : Gear IconX will not pair until earbuds are properly inserted into ears. Contact with the heart rate sensors automatically switches the earbuds on and puts them in pairing mode. **Earbuds do not have a power on/off switch.**
You should hear a chime from each earbud when they are inserted properly.

2 **Go to your Bluetooth Menu and select Gear IconX**

3 **Gear Manager will launch automatically**

Gear Manager will walk you through setting up your Gear IconX the first time you pair. Once this process is complete, you will hear the pairing chime through your IconX earbuds.
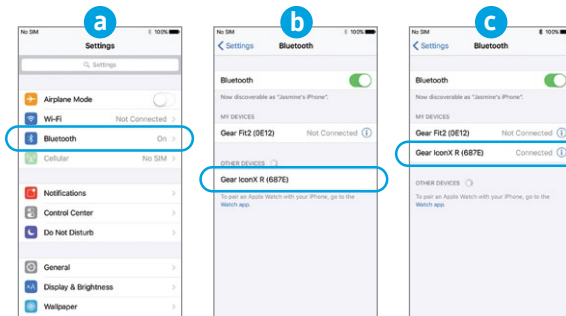

4 **Listen!**

Go to your music app, select a song and enjoy!

Pairing to an iOS Device

1 **Insert your earbuds as described earlier – ensuring you hear the pairing mode chime.**

2 **Go to BLUETOOTH in the SETTINGS menu on your device (a)**

3 **Your Gear IconX should be visible under Other Devices. (b) Select it to pair.**

4 **You will hear a second chime when your earbuds are paired. (c)**
