The Sleek 4G-V™ – Get peak cellular performance in your vehicle for all phones including Verizon Wireless® LTE devices

Now there's a mobile signal booster for those using Verizon Wireless® LTE devices – the Sleek 4G-V from Wilson Electronics. This powerful signal booster helps you stay connected by providing a strong reliable signal in weak-signal areas, reducing lost connections and speeding data rates. It boosts both voice and data communication – making it perfect for phones and wireless WiFi hotspots like the Verizon JetPack™.

The Sleek 4G-V works with all devices on all conventional 2G and 3G networks,* as well as the Verizon Wireless 4G LTE network. Wilson signal boosters feature cell site protection technologies refined over more than a decade of research and development. Optional indoor accessory kit allows use at home or in the office.
