## Prepaid Service Notes

- Calls are debited in 20 second increments. When making Iridium-to-Iridium voice calls, calls are debited at half the rate of an Iridium-to-Landline call (Example: If a user were to exclusively make Iridium-to-Iridium calls, a 500-minute plan would actually produce 1000 minutes (2X the minutes) for the satellite user).
- Unused minutes are forfeited upon expiration. Card is permanently deactivated 90 days after expiry if not recharged. Expiry dates are cumulative up to 2 years.
- Outgoing SMS (i.e. text messaging) are debited in 20 second increments, for qualifying prepaid plans.
- FREE Services: Voicemail, Call Forwarding, Call Barring and Incoming SMS. NO ACTIVATION FEES!
- Remaining minutes are announced before each call made. To query minutes: Use toll free number 2888 from Iridium satellite phone.

Please note that calls made to another satellite network (InMarSat, Globalstar, Thuraya) are debited at a higher rate than a standard Iridium-to-Landline call.
