

HANDS FREE SIMPLICITY

Jabra®
YOU'RE ON

SMART FEATURES AND SMARTER STYLE

Jabra Style combines all the style and sophistication you'd expect from a Jabra headset with all the features you need for straightforward and intuitive hands free communication.

Jabra Style lets you manage your incoming and outgoing calls with just a tap on the side of the headset. Once you've decided to take the call, Intelligent Volume Control automatically adapts to any interfering noise around you so you don't miss a single word. The simple, yet powerful features in Jabra Style reduce background noise and give an all-around great sound quality, without you having to lift a finger, so nothing can get in the way of clear communication.

Jabra Style incorporates the latest Near Field Communication (NFC) technology so you can instantly connect it with your NFC enabled devices like tablet or smartphone. Just tap the headset to your device and you're ready to go. And if you're not on a call you can always stream music, podcasts and even GPS directions for an enhanced headset experience in HiFi quality.

When you need to go hands free, make sure you do it in style.
